# The Meguiar's Story

The family business that began by making furniture polish one bottle at a time in Frank Meguiar, Jr.'s garage over a century ago now spans three generations and 92 countries. Meguiar's, Inc. has become the world's most respected manufacturer of cleaners, polishes, waxes, conditioners and protectants for every conceivable surface.

When the mass production of fiberglass boats first began in the 1950's, the PVA Release Agent being used created dull finished parts. Meguiar's products were then applied to create the high gloss finishes that customers demanded. This led Malcolm Meguiar, representing the second generation of Meguiar's, to change the FRP industry forever by creating a Mold Release Wax that would produce high gloss parts directly from the mold. It was the industry's first Mold Release Wax and, after 50 years, M08 continues to be the top selling Mold Release Wax in the world.

Working closely with the fiberglass boat builders from the very beginning, and being responsible for the original high gloss finishes on fiberglass boats around the world, led to the consumer demand for Meguiar's products. Boat owners were looking for products they could genuinely trust to restore and protect that original high gloss finish, even under the most adverse circumstances that boats experience.

The extraordinary performance of those first consumer products, and the enthusiasm they generated, created an ever increasing appetite for additional products from Meguiar's that would perform at the same level of excellence on every type of surface found in the marine industry. The comprehensive line of high performance products found in this catalog represents the ultimate response to that demand.

In 1923, Meguiar's was truly a family business with everyone helping to make products out in the garage. During the day, Frank Meguiar, Jr. would demonstrate and sell the product made the night before.

The family business grew out of the garage and into the manufacturing plant shown above in 1936.

Meguiar's current global headquarters are located in Irvine, California

## MARINE & RV SURFACE CARE GUIDE

### 5 STEPS TO FIBERGLASS GEL COAT SURFACE CARE

#### STEP 1: WASH

Frequent washing is a vital step in keeping your finish in premium condition. Washing removes loose contaminants from the surface. If allowed to remain, these contaminants could eventually bond to or etch the surface. Avoid using dishwashing detergents or other household cleaners, as these will strip off your wax protection. Meguiar's washes are pH balanced and biodegradable\* to gently clean while preserving your wax. \*Detergents biodegradable per regulation EC No 648/2004.

#### STEP 2: CLEAN

While washing removes loose contaminants from the surface, cleaning or surface prep is intended to remove bonded surface contamination and surface defects. Surface defects can be divided into two groups: above-surface contaminants, and below-surface defects. Above-surface contaminants include tree sap mist, environmental fallout, bugs, spider droppings, and overspray. Below-surface defects include scratches, swirls, oxidation, water spot etching, etc.

#### STEP 3: POLISH

Now that the gel coat surface is smooth as glass and free of defects, polishing restores a deep glossy finish by conditioning the gel coat, and restoring its natural oils. Simply put, polishing is the creation of brilliant, high gloss.

#### STEP 4: PROTECTION

The only way to keep your finish looking great for long periods of time is to apply a protective coating to preserve the surface. Meguiar's defines protection as preservation of brilliant high gloss. Meguiar's protection formulas provide a durable protective layer that seals in the deep shine created in the polishing step and keeps environmental elements from coming in direct contact with the surface.

#### STEP 5: MAINTENANCE

Frequent surface care is easy surface care. The more frequently you care for your boat or RV, the easier the detailing process. Maintenance is the frequent removal of contaminants before they have a chance to bond to the surface or etch it. This step is designed to help you safely remove contaminants without stripping your wax protection, leaving your boat or RV looking as though it has just been detailed everyday.

# MARINE & RV CARE

P R E M I U M P R O D U C T S

## FLAGSHIP

A fast growing industry favorite, Meguiar's Flagship family is the ultimate premium offering when it comes to washing, polishing, and protecting yachts and other high-end watercraft. A step above the rest, Flagship utilizes only the most premium ingredients, advanced technology and latest formulas – resulting in a better user experience and high-end results that are sure to be noticed on the water.

If you want nothing but the best to beautify and protect your boat, look no further than Meguiar's Flagship line.

## EXTREME MARINE

Meguiar's exciting new Extreme Marine line is a fresh take on boat care for the most extreme watercraft out there today. While Meguiar's Flagship and Marine/RV lines offer excellent washes, cleaners, polishes and waxes, Extreme Marine provides premium offerings for users looking to quickly clean and maintain their speed boats, bass boats, wake boarding boats or other personal watercraft with high-end finishes and fancy paint jobs in just minutes. These exciting all-new products will help you minimize time preparing your watercraft for the water, while keeping it looking its best throughout the day and again when it comes time to put it away.

## MARINE/RV

Meguiar's Marine/RV line of products is the most complete line available for both Marine and RV needs, and has offerings for professionals, hobbyists and new boat owners alike. Many of the products in this line have been staples across marinas, boat yards and homes for over half a century. This complete line of innovative products provides solutions for all of your washing, cleaning, polishing and surface protection needs, no matter the surface on your boat or RV.

# INTRODUCING:

# EXTREME MARINE

Work Less. PLAY MORE!

Extreme watercraft deserve nothing but the most advanced products on the market to ensure the best in appearance and performance. Meguiar's® Extreme Marine products are precision engineered to maximize your extreme marine lifestyle with incredible results in less time.

## M180232 Water Spot Detailer

- |               |             |   |
|---------------|-------------|---|
| <b>PART #</b> | <b>SIZE</b> | • Advanced chemistry safely removes hard water spots, cleans & leaves lasting protection in one easy step.      |
| M180232       | 32 oz.      | • Safe on painted, fiberglass, gel coat, colored plastic, glass, chrome and stainless steel surfaces.           |
|               |             | • Durable polymer protection boosts existing wax protection, intensifying beads and minimizing future spotting. |

## M180332 Multi-Surface Cleaner

- |               |             |  |
|---------------|-------------|--|
| <b>PART #</b> | <b>SIZE</b> | • Quickly and easily lifts stains from many surfaces.  |
| M180332       | 32 oz.      | • Extremely effective at cleaning water marks on outboard engines & drives, fiberglass, gel coat, vinyl, rubber, non-skid, canvas, clear plastics & isinglass. |
|               |             | • Just spray and wipe to remove stubborn dirt, grime, oil, fish blood stains & more.   |

## M180132 Vinyl & Rubber Protectant

- |               |             |   |
|---------------|-------------|---|
| <b>PART #</b> | <b>SIZE</b> | • Advanced formula delivers lasting protection and light cleaning in one easy step.   |
| M180132       | 32 oz.      | • UV-inhibiting agent and special conditioners help prolong the life of precious vinyl & rubber surfaces in and around your watercraft. |
|               |             | • Leaves a non-greasy, satin gloss finish.  |

## PREMIUM MARINE METAL POLISH

Meguiar's® Flagship Marine Metal Polish is a premium metal polish paste that both polishes and protects in a single step. Uniquely engineered to restore all marine metals to a mirror-like shine, Flagship Marine Metal Polish also leaves behind special anti-corrosive polymers designed specifically for the harsh conditions of the marine environment.

PART NUMBER	SIZE
M180406	5.64 oz.

## PREMIUM CLEANER/WAX

Meguiar's® Flagship Premium Cleaner/Wax is a unique formula that will effortlessly remove light oxidation and water spots, minor scratches and haze while adding brilliant gloss and superior protection. Powerful Flagship ingredients provide long lasting protection against salt air corrosion and the sun's devastating ultraviolet rays. It's perfect to use on all fiberglass, painted and gel coated surfaces. Works great on all colors and in direct sunlight!

PART NUMBER	SIZE
M6132	32 oz.

## PREMIUM WASH-N-WAX

Meguiar's® Flagship Premium Wash-N-Wax uses an exclusive blend of carnauba and synthetic polymers to add a valuable layer of wax protection while at the same time delivering great cleaning results. This advanced blend not only emulsifies salt spray, dirt, bird droppings and boat scum but also protects against salt air corrosion and the sun's ultraviolet rays while adding a brilliant streak free shine. Ideal for those hard to work areas like non-skid, no extra rubbing required!

PART NUMBER	SIZE
M4232	32 oz.

## PREMIUM MARINE WAX

Dramatically enriches color and shine of fiberglass and gel coat surfaces. Effective in removing light oxidation and dullness, restoring gloss, and adding protection from UV damage.

\*Use wax only after the surface has been cleaned and restored to a "like new" or "average" finish.

PART NUMBER	SIZE
M6311 (Paste)	11 oz.
M6316	16 oz.
M6332	32 oz.
M6301	1 Gal.

## ULTIMATE DETAILER®

Designed to quickly remove dirt, grime, water spots and other fresh contaminants while adding deep gloss and long-lasting polymer protection. Use on all surfaces of your boat, including gel coat, metal and clear plastics to create a just-washed appearance. Once applied, this specialized detailer with Hydrophobic Polymer Technology™ will help to repel water in order to reduce drying time and water spot etching.

PART NUMBER	SIZE
M9424	24 oz.

## MARINE PAINT POLISH &amp; PROTECTANT

Protects and rejuvenates marine paint and LP finishes while delivering depth, high gloss and durable protection. Also effectively removes mild oxidation and water spots. Works great on gel coat too!

PART NUMBER	SIZE
M19716	16 oz.

# Cleaning & Oxidation Removal

Cleaning your boat's surface before waxing is the most important step to maximizing gloss and preparing the surface for wax. This is especially true for older or neglected surfaces as oxidation, swirls and scratches can degrade the surface, reducing gloss and inhibiting wax from adhering to provide lasting protection.

If your boat is not in like-new condition, waxing alone will not likely deliver the high quality and lasting results you are after.

## RINSE FREE WASH-N-WAX

Boat, RV, Pontoon and PWC too dirty for a Detailer? No hose, bucket or water? No problem! Meguiar's® Rinse Free Wash-N-Wax safely lifts away dirt and grime while leaving behind a high gloss layer of hydrophobic wax. Safe on glass, plastic, instrument panels, polished metals, fiberglass, gelcoat, and clearcoat.

PART NUMBER	SIZE
M14332	32 oz.

## GEL WASH

Rich, biodegradable\* wash formula gently lifts boat scum, dirt, salt spray, grime, bird droppings and other loose contaminants without stripping wax protection. Sheeting action greatly reduces drying time.

\*Detergents biodegradable per regulation EC No 648/2004.

PART NUMBER	SIZE
M5416	16 oz.
M5401	1 gallon

## BOAT WASH

Safely removes grime and dirt without stripping wax protection. Biodegradable\*, economy size wash produces long lasting suds with a refreshing scent.

\*Detergents biodegradable per regulation EC No 648/2004.

PART NUMBER	SIZE
M4364	64 oz.

Start

**M771** This step will save time and frustration by removing oxidation while washing that otherwise would have clogged your pads and slowed you down in later steps.

### Light Oxidation

## M44

For light oxidation, M44 Color Restorer is a gentle – yet effective – cleaner that will remove light oxidation and stains from fiberglass and gel coat while also restoring color and enhancing gloss in a single step.

### Moderate Oxidation

## M49

For moderate oxidation, M49 Oxidation Remover offers stronger cleaners to remove oxidation, water spots, stains and scratches from fiberglass and gel coat surfaces. Polishing agents also enhance color and gloss in a single step.

### Severe Oxidation

## M67& M91

For severe oxidation, users can either opt for M67 One Step Compound, which will remove heavy oxidation, scratches stains and tough water spots while leaving a glossy finish and improved color, or utilize M91 Power Cut Compound for the most aggressive approach and then follow with M45 High Gloss Polish to maximize gloss and color.

## HEAVY OXIDATION SCRUB

Meguiar's® Heavy Oxidation Scrub is an excellent surface preparation solution for removing chalky oxidation, staining, rust, and mold to allow for optimized gel coat restoration. This water-soluble formulation rinses easily! \*Detergents biodegradable per regulation (EC) No 648/2004.

PART NUMBER	SIZE
M17732	32 oz.

## ONE STEP COMPOUND

This advanced aggressive, yet safe compound will clean and restore gloss to the gel coat surface in one step. Removes moderate to heavy oxidation, scratches, stains and tough water spots. Restores color and leaves a rich gloss on the treated surface. Incredible results by hand or machine.

PART NUMBER	SIZE
M6732	32 oz.

## POWER CUT COMPOUND

Meguiar's® Power Cut Compound is a professional grade formula designed for the Professional detailer. Our fast cutting, low swirl compound removes sanding scratches and heavy oxidation without scouring the finish like traditional compounds. It is designed to offer speed and efficiency on Marine & RV fiberglass gel coat surfaces.

PART NUMBER	SIZE
M9132	32 oz.

### FIBERGLASS RESTORATION SYSTEM

A specialized three-step system that will effectively restore all fiberglass gel coats. No. 49 Oxidation Remover will remove oxidation, stains, and scratches. No. 45 Polish will restore brilliant gloss to the finish, and No. 56 Pure Wax will provide long-lasting, durable protection to the restored surface.

**PART NUMBER**

**M4965**  
(3) 16 oz. bottles

### COLOR RESTORER

Safely removes light oxidation, stains and blemishes on all fiberglass gelcoat marine or RV surfaces. Revives faded, oxidized surfaces to their original vibrant color.

**PART NUMBER**

**M4416**

**SIZE**

**16 oz.**

### OXIDATION REMOVER

Removes moderate oxidation, scratches, stains and tough water spots on all fiberglass gel coat marine or RV surfaces. Restores color by effectively removing surface degradation.

**PART NUMBER**

**M4916**  
**M4901**

**SIZE**

**16 oz.**  
**1 gallon**

### CLEANER WAX

A non-abrasive formula that cleans, polishes and protects all fiberglass gel coat marine or RV surfaces in one easy step. Removes light oxidation and haze, minor scratches and swirls while providing long-lasting protection against salt air, corrosion and the sun's ultraviolet rays.

**PART NUMBER**

**M5016**  
**M5032**  
**M5001**

**SIZE**

**16 oz.**  
**32 oz.**  
**1 gallon**

### PURE WAX

Durable high gloss protection for all fiberglass gel coat marine or RV surfaces. Blend of pure Brazilian carnauba wax with silicones, polymers and resins to maintain extraordinary gloss and protection. Protects against the sun's ultraviolet rays.

\*Use wax only after surface has been cleaned & restored to a "like new" or "average" finish.

**PART NUMBER**

**M5616**

**SIZE**

**16 oz.**

### QUIK WAX®

The spray wax method can quickly add protection and gloss to large surfaces typical on boats and RV's. Whether the surface is wet or dry, this specialized formulation will create a brilliant gloss while adding wax protection. Suitable for use on fiberglass, painted surfaces, stainless steel, and clear plastics.

\*Use wax only after surface has been cleaned & restored to a "like new" or "average" finish.

**PART NUMBER**

**M5916**

**SIZE**

**16 oz.**

### NEW BOAT OWNER'S ESSENTIALS BOX

The New Boat Owner's Essentials Box provides even more value than before with the addition of a Supreme Shine Microfiber Towel and an applicator pad. The Essentials Box contains everything you need to keep your boat like-new.

Includes 1 ea: M5416 Gel Wash, M6316 Flagship Premium Marine Wax, M9424 Flagship Ultimate Detailer, Supreme Shine™ Microfiber Towel, Hi-Tech Applicator Pad

**PART NUMBER**

**M6385**

**SIZE**

**KIT**

### HIGH GLOSS POLISH

Restores brilliant gloss on fiberglass and painted marine or RV surfaces after cleaning. Restores valuable oils to feed and nourish the fiberglass or painted surfaces. Especially effective on dark colors.

\*Use polish only after the surface has been cleaned and restored to a "like new" or "average" finish.

**PART NUMBER**

**M4516**

**SIZE**

**16 oz.**

**HARD WATER SPOT REMOVER**

Thick low drip formula remains on vertical surfaces for easy cleaning. New technology chemically embraces and lifts mineral deposits and protects surface from future water spots. Easy to apply and easy to wipe off.

**PART NUMBER**  
M4716 **SIZE**  
16 oz.

**MARINE ALL PURPOSE CLEANER**

A highly effective spray-on cleaner that quickly and safely removes many types of stains across the numerous surfaces found in marine and RV environments.

**PART NUMBER**  
M5826 **SIZE**  
26 oz.

**VINYL & RUBBER CLEANER/PROTECTANT**

Cleans, revitalizes, and protects vinyl and rubber surfaces in one easy step. Screens out damaging UV rays that can dry out or crack the surface.

**PART NUMBER**  
M5716 **SIZE**  
16 oz.

**CLEAR PLASTIC CLEANER**

Removes fine hairline scratches from all types of clear plastic. Unique, non-abrasive formula is effective on Isinglass and Plexiglass windows and instrument panels. Follow with Mirror Glaze Plastic Polish.

**PART NUMBER**  
M1708 **SIZE**  
8 oz.

**CLEAR PLASTIC POLISH**

Gently restores optic clarity to all clear plastics. Provides a static-free coating that repels dust. Safe and effective on both acrylic and polycarbonate surfaces. Ideal for boats, RV's, motorcycles, aircraft and cars.

**PART NUMBER**  
M1008 **SIZE**  
8 oz.

**CLEAR PLASTIC DETAILER**

Convenient, non-abrasive formula removes smudges and residue from all types of clear plastics without scratching. Effective in restoring and maintaining optic clarity and provides an anti-static surface.

**PART NUMBER**  
M1808 **SIZE**  
8 oz.

### ALUMINUM CLEANER

Specially formulated to quickly removal waterline scum, lime deposits, oxidation and light stains off pontoon & aluminum surfaces. Just spray, dwell, rinse and watch the stains disappear while brightening the surface.

**PART NUMBER**

M19532

**SIZE**

32 oz.

### ALUMINUM PROTECTANT

Specifically engineered to protect & maintain pontoon and aluminum, plastic, vinyl, fiberglass and most marine surfaces. Leaves behind a protective polymer barrier against damaging salt spray and corrosion. Just spray, wipe on, wipe off.

**PART NUMBER**

M19616

**SIZE**

16 oz.

### TRAILER CORROSION PROTECTANT

Meguiar's® Trailer Corrosion Protectant is an outstanding solution in preventing corrosion, and will last for months! This dry to touch tack-free distinctive clear coat creates a barrier that protects against salt spray, rust and corrosion. This formula will not harm trailer wiring, paint or wrapped surfaces.

**PART NUMBER**

M77014

14 oz.

### PREMIUM MARINE METAL POLISH

Meguiar's® Flagship Marine Metal Polish is a premium metal polish paste that both polishes and protects in a single step. Uniquely engineered to restore all marine metals to a mirror-like shine, Flagship Marine Metal Polish also leaves behind special anti-corrosive polymers designed specifically for the harsh conditions of the marine environment.

**PART NUMBER**

M180406

5.64 oz.

### HIGH TECH FOAM APPLICATOR PAD

Provides professional application of cleaners, waxes and polishes on gel coat, metal and painted surfaces. Tight cell, ultra soft foam spreads product safely and effectively. Washable and reusable.

**PART NUMBER**

W0004

**QTY**

4 pack

### SOFT BUFF ROTARY FOAM CUTTING PADS

Improved foam technology cuts through moderate surface defects with less swirls. The reduction in operating temperatures and recessed backing for quick and easy centering allows these 7" foam pads to reduce the chatter resulting in smooth, easy buffing. For use with rotary polisher and WRBP or WRSBP backing plate.

PART NUMBER	SIZE
WRFC7	7"

### SOFT BUFF ROTARY FOAM POLISHING PADS

Improved foam technology eliminates minor surface defects while restoring gloss. The recessed backing for quick and easy centering allows these 7" foam pads to reduce the chatter resulting in smooth, easy buffing. For use with rotary polisher and WRBP or WRSBP backing plate.

PART NUMBER	SIZE
WRFP7	7"

### SOFT BUFF ROTARY FOAM FINISHING PADS

Improved foam technology eliminates minor surface defects while restoring a luxurious high gloss finish. The recessed backing for quick and easy centering allows these 7" foam pads to reduce the chatter resulting in smooth, easy buffing. For use with rotary polisher and WRBP or WRSBP backing plate.

PART NUMBER	SIZE
WRFF7	7"

### SOFT BUFF ROTARY WOOL CUTTING PADS

100% natural wool, 1.25", 4-ply twisted fibers are highly effective in quickly removing sanding marks and severe defects. The single sided quick change hook & loop attachment system delivers more productivity. Assembled in Canada of U.S. fibers.

PART NUMBER	SIZE
WRWC8	8"

### ROTARY BACKING PLATES

This rotary backing plate is designed to be used with our 7" & 8" Soft Buff™ rotary pads. The quick hook & loop attachment system easily self-centers the rotary foam pads for excellent balance performance. Can be attached to all rotary polishers with a 5/8" diameter shaft.

PART NUMBER	SIZE
WRBP	7" & 8"

### ROTARY SOFT BACKING PLATE

This rotary soft backing plate is designed to be used with our 7" & 8" Soft Buff™ rotary pads. The soft one-piece molded construction safely contours to curves and body lines resulting in a more forgiving polishing experience with less swirl marks. The quick hook & loop attachment system easily self-centers the rotary foam pads for excellent balance performance, while distributing even pressure for a smoother buffing application. Can be attached to all rotary polishers with a 5/8" diameter shaft.

PART NUMBER	SIZE
WRSBP	7" & 8"
