

Durable Easy-to-use Masking

Picture shows the ghosting effect that can occur with normal film in damp conditions

3M™ Moisture Resistant Protective Sheeting

3M™ Moisture Resistant Protective Sheeting PN 06725 uses advanced technology that minimizes the risk of imprint, or “ghosting”, when used to mask damp vehicles.

- Strong, more puncture resistant
- Excellent cling
- Prevents bleed through of solvent and waterborne paint
- Uniquely constructed to provide excellent paint adherence
- Waterborne system compatible

3M™ Overspray Protective Sheeting

- Uniquely constructed to provide excellent paint adherence
- High-density, tear-resistant, translucent film
- Waterborne system compatible

3M™ Plastic Sheeting

- Durable film that is treated for excellent overspray adhesion
- Waterborne system compatible
